

Noa

Noa is a sculptured bed with a harmoniously rational structure drawing inspiration from rocks sculpted by the wind. Soft and voluminous, the simple-looking headboard has a three-dimensional beauty which is accentuated further by the topstitching on the curved surfaces. The item is available with three versions of the feet in wood or one version of the feet in metal with the option of choosing a look and height from the ground that suits the customer best. Noa is available with a fixed bed base or container unit. Can be upholstered in fabric or leather.
