ADDITIONAL INFO FOR CUSTOM & EXTRAS (ONLY IF SELECTED)

1 LED Lighting System (is added to all sections on the side walls). Select activation system:

- Open Door Sensor
- Remote Control

2 Internal Drawers. Help us define your preferred position and drawer interior height (Silverware drawer: 3" / 7.5cm interior height, Standard drawer 6" / 15cm interior height)

3 Cable Holes (1.5" / 3.8cm openings). Define position.

4 Additional Shelf (melamine / lacquered wood). Please consider our standard pieces include one per section, help us define the section to add shelf or shelves.

5 Glass Shelf (clear glass). Consider this selection normally replaces the normal shelves. Please define sections to upgrade to glass shelf.

6 External Drawers. Please note this will replace the door in one section. Minimum two drawers will be needed per section. Please help us define the position of the drawers.

7 Back Glass Panel. This adds a glass panel on the back for a 360° view of the piece. Define glass finish.

8 Interior with wood finish. This upgrade will make all the inside in your preferred wood finish instead of melamine or flat color lacquer that are standard.
