Specifications

Overview

Dimension 30W, 28H, 32D, 22SW,
18SH, 21SD, 22AH, 50lbs

Designed by Stanley Jay Friedman

Inspired by futuristic imaginations...
Ergonomics played a major influence in the design of AZURE. It clearly led me in the direction for its form.
Its outside back has a concave aesthetic which then flares outward toward the base.

That design aesthetic naturally lent itself to emphasis the lumbar region on the inside back and offer a successful fit for most every size person.

Conclusion was a beautiful modernist design with incredible comfort.

Lounge chair and or swivel chair are available.
