Tootsie Roll was not really the inspiration for Tootsie, but after the design completion the name Tootsie was a natural. The tootsie roll concept that wraps around and confines the seat looks delicious, and is obviously very inviting.

The soft wrapped roll dips down toward the seat front for the perfect arm comfort.

Tootsie is manufactured to perfection and looks astounding from all angles, especially with the elegant tall splayed stainless steel legs that completes this elegant design.

Sofas, Chaise and chairs are available for your choosing.
